

YOUR WEDDING. THE WHOLE FEELING.

For the moments you planned.
And the ones you never saw coming.

Relaxed documentary photography and film.

YORKSHIRE & BEYOND

BE YOURSELVES. I'LL TAKE CARE OF THE PHOTOS.

I'm Dave. I look for the real moments: the nervous smiles, the big hugs and the people who make the day yours.

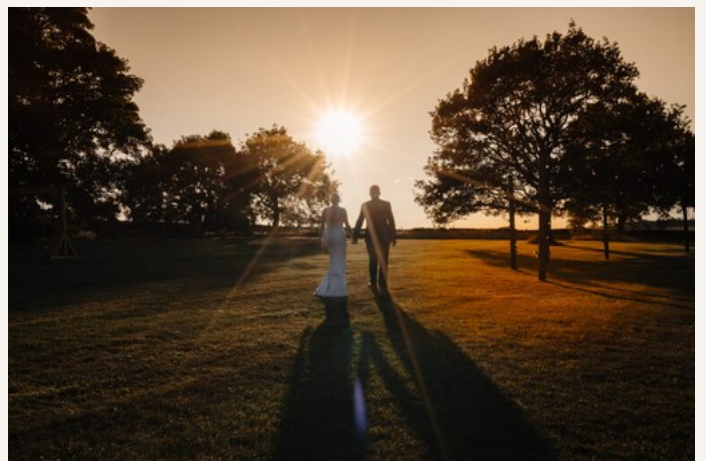

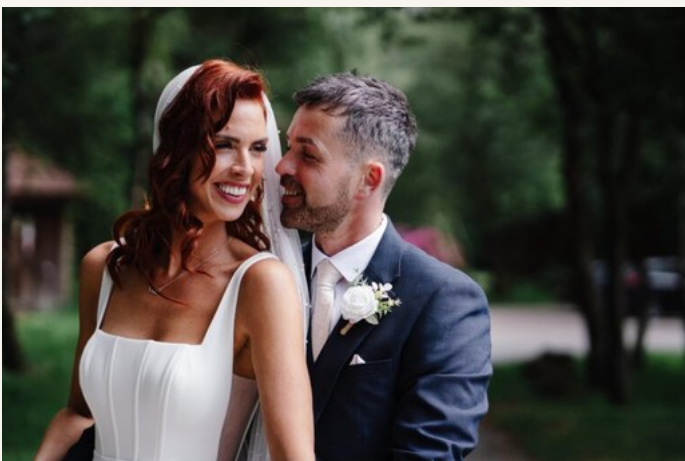

You don't need to know how to pose. A little direction, lovely light and a few easy portraits - then you're back with your favourite people.

A CALM PRESENCE.

We'll talk through your plans and catch up again around a month before the wedding. I'll help the photography fit naturally around your day.

REAL MOMENTS. BEAUTIFUL LIGHT.

From the quiet moments together to the atmosphere of the place you chose. Photographs that feel like you, with room for a little magic.

HEAR IT. FEEL IT. AGAIN.

The promises, the laughter and the way the room felt. Film lets you revisit the sound and movement of your wedding, alongside the photographs.
